
SUBJECT: Rev. 28/04/23 - Declaration of conformity to:

- **RoHS III (Delegated European Directive 2015/863/EU)**
- **REACH (Regulation 1907/2006)**
- **POPs (Regulation 2019/1021/UE)**

Dear Customer,

PADA Engineering Srl declares to know, understand and respect the obligations provided for by the regulations mentioned in question.

To ensure compliance with these obligations PADA Engineering Srl requires its suppliers the following information:

- declarations of conformity to RoHS III of the products supplied;
- their position on Registration (Title II of the Reach Regulation);
- their position towards the substances listed in the "Candidate List" of the REACH Regulation;
- their position with respect to the substances listed in the Attached;
- compliance with the requirements of Annex Restrizione;
- safety Data Sheets for substances and mixtures.

Based on the statements and information collected by our suppliers we may declare, as a manufacturer of items, that:

- our products comply with RoHS Directive, i.e. Delegated Directive 2015/863 / EU (RoHS III) and Directive 2011/65/EU (RoHS II) of the European Commission.
- the raw materials, substances, mixtures and articles supplied to us and used in our processes comply with the REACH regulation;
- not to use substances included in the Attached;
- to comply with the limit of 0.1% by weight for substances in Candidate List, SVHC substances list update of 17/02/23 and to communicate their presence beyond this limit by sharing the safety data sheet;

-
- to comply with the limits and requirements of Annex Restrizione
 - our products are not included in the applicability of Regulation 2019/1021/UE (POPs) as the substances regulated therein are not present or, where present, are within the non-applicability percentages.

We remain available for any further clarification.

Kind Regards

Calcinelli, 28/04/2023

Pada Engineering Srl
